# 01 ABOUT EG LEE (LEE EUN GYEOL)

EG is the pioneer of the magic wave in Korea, who led the rise of Korea's magic to an ever more exciting and revolutionary global scale.

As a creator of new genres, EG takes you to the world beyond magic proven by winning numerous world-scale international magic contests.

In the performance world, EG is the creator of a new genre 'Magic Concert' in which he is praised to have shown 'beautiful art performance re-establishing the modern concept of magic' through the performance <The Illusion> where he captures his philosophy and thematic consciousness.

Expressing the post-modernism by collecting short works, he is broadening the horizon by continuously experimenting the possibility 'magic' as a medium.
